### TITLE 2. CALIFORNIA EARTHQUAKE AUTHORITY

#### NOTICE OF INTENTION TO AMEND THE CONFLICT OF INTEREST CODE OF THE CALIFORNIA EARTHQUAKE AUTHORITY

NOTICE IS HEREBY GIVEN that the California Earthquake Authority, pursuant to the authority vested in it by Government Code section 87306, proposes to amend its Conflict of Interest Code. The purpose of the amendment is to implement the requirements of Government Code sections 87300 through 87302 and 87306.

The California Earthquake Authority proposes to amend its Conflict of Interest Code to include employee positions that involve the making of, or participation in the making of, decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

The proposed amendment adds the positions of Chief Actuary, all Data Processing Managers, and all Staff Services Managers to the List of Designated Positions. The proposed amendment adds a third disclosure reporting category and amends the reporting requirements of the Legislative Coordinator and Auditors. The amendment changes the position title of the Mitigation Manager to Chief Mitigation Officer. This amendment makes other technical changes to reflect the current organizational structure of the California Earthquake Authority. Copies of the amended code are available and may be requested from the Contact Person, below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than October 17, 2011, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person, below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than October 17, 2011, by contacting the Contact Person, below.

The California Earthquake Authority has prepared a written explanation of the reasons for the proposed amendments (Initial Statement of Reasons) and has available the information on which the amendments are based. Copies of the proposed amendments, the Initial Statement of Reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person, below.

The California Earthquake Authority has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses, or small businesses.

In making these proposed amendments, the California Earthquake Authority must determine that no alternative considered would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

### TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the "Commission"), under the authority vested in it by the Political Reform Act (the "Act")<sup>1</sup> by Section 83112 of the Government Code proposes to adopt, amend, or repeal regulations in Title 2,

<sup>1</sup>The Political Reform Act is contained in Government Code Sections 81000 through 91014. All statutory references are to the Government Code, unless otherwise indicated. The regulations of the Fair Political Practices Commission are contained in Sections 18110 through 18997 of Title 2 of the California Code of Regulations. All regulatory references are to Title 2, Division 6 of the California Code of Regulations, unless otherwise indicated.

Division 6 of the California Code of Regulations. The Commission will consider the proposed regulation at a public hearing on or after **December 8, 2011**, at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments should be received at the Commission offices no later than **5:00 p.m. on December 6, 2011.**

## BACKGROUND/OVERVIEW

Section 84214 of the Act requires committees and candidates to terminate their filing obligation pursuant to regulations adopted by the Commission. Under the authority of this section, existing Commission regulations provide detailed requirements for terminating recipient committees<sup>2</sup> (Regulation 18404) and provide deadlines for terminating candidate-controlled committees for elective state office (Regulation 18404.1).<sup>3</sup> Nonetheless, many recipient committees no longer engaged in campaign activity fail to terminate pursuant to Commission regulations and mistakenly discontinue filing required campaign statements.

While it remains within the Commission's prosecutorial discretion to proceed with an enforcement action for the failure to file required campaign statements, inactive recipient committees that do not file for termination often trigger multiple complaints and referrals for their continual failure to file campaign statements. Ultimately, this results in an unnecessary burden on the Commission, which must review the duplicative complaints and referrals. At the local level, the failure to terminate a committee often results in unnecessary workload for local filing officers, who must repeatedly notify committees that have failed to file required campaign statements and report the apparent violations to the Commission under Section 81010.

## REGULATORY ACTION

### Adopt 2 Cal. Code Regs. Section 18404.2:

To reduce the number of complaints and referrals when a committee has failed to terminate and mistakenly ceased filing required campaign statements, staff is proposing a procedure for the administrative termina-

tion of recipient committees. The proposed procedure would terminate a recipient committee's obligations to file subsequent campaign statements, while prohibiting additional campaign activity unless the committee requests reinstatement. The procedure is not intended to absolve a committee for any violation for the failure to file required campaign statements prior to an administrative termination or failing to cease campaign activity after an administrative termination.

As proposed, the procedure for administrative termination would permit the Chief of Enforcement to terminate a recipient committee only if the committee has (1) not filed a campaign statement in the previous twelve months, (2) last reported a cash balance of \$3,000 or less, (3) been provided notice of the proposed termination, and (4) failed to object to the termination.

## SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or any related issues.

## TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the "Commission"), under the

authority vested in it under the Political Reform Act (the “Act”)<sup>1</sup> by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulations at a public hearing on or after **December 8, 2011**, at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m. on December 6, 2011.**

## BACKGROUND/OVERVIEW

Launching its regulation clarification project, the Commission held a series of interested persons meetings on April 14, April 21, and June 9, 2011, to take comments on areas of the Political Reform Act that could be improved. One of the issues raised at the interested persons meetings was revising Regulation 18427.5. Accordingly, the Commission is considering modifying Regulation 18247.5 concerning the statutory definitions of primarily formed and general purpose committees.

Regulation 18247.5 was adopted in December 2008 to clarify the statutory definitions of “primarily formed committee” and “state, county, or city general purpose committee” contained in Sections 82047.5 and 82027.5 of the Political Reform Act (“Act”). The FPPC perceives the need for the regulation because callers frequently ask the Technical Assistance Division whether a committee must disclose as primarily formed, or whether a general purpose committee should file with the Secretary of State, or with the county elections official or city clerk. Before Regulation 18247.5 was adopted, there was minimal guidance on these questions contained in the FPPC campaign manuals and several advice letters. In addition, the Commission’s Enforcement Division perceives a need for greater clarity in this area.

The proposed modifications to the primarily formed and general purpose committee regulation seek to make the determination of type of committee and where to file easier, while retaining the guidance provided by the regulation.

## REGULATORY ACTION

Responding to comments from interested persons, we propose splitting the existing regulation into two separate regulations, one addressing general purpose committees and one addressing primarily formed committees. The Commission may consider adoption of new Regulation 18227.5 for general purpose committees and repeal and readoption of current 18247.5 for primarily formed committees.

### Adopt 2 Cal. Code Regs. § 18227.5 — General Purpose Committees — State, County or City:

Broadly speaking, general purpose committees are ongoing committees that support multiple candidates and measures in successive elections. Associations, political action committees, political party committees, as well as major donors under 82013(c) and entities and individuals making independent expenditures under 82013(b) are all considered general purpose committees.

The statute in Section 82027.5 divides general purpose committees up into state, county, and city committees, but does not have a specific standard for when committees qualify as state, county or city. Whether a committee is state, county or city, determines who their filing officer is, i.e., *where* the committee files its campaign reports, and bears on whether a city or county’s contribution limits and other additional rules apply to the committee.

Section 82027.5 provides:

“(a) ‘General purpose committee’ means all committees pursuant to subdivision (b) or (c) of Section 82013, and any committee pursuant to subdivision (a) of Section 82013 which is formed or exists primarily to support or oppose more than one candidate or ballot measure, except as provided in Section 82047.5 [defining primarily formed committee].

“(b) A ‘state general purpose committee’ is a political party committee, as defined in Section 85205, or a committee to support or oppose candidates or measures voted on in a state election, or in more than one county.

“(c) A ‘county general purpose committee’ is a committee to support or oppose candidates or measures voted on in only one county, or in more than one jurisdiction within one county.

“(d) A ‘city general purpose committee’ is a committee to support or oppose candidates or measures voted on in only one city.”

Following guidance received at the last Commission hearing on this subject, the proposed regulation will have the effect of stabilizing more major donor committees as state level filers, resulting in continuing electronic disclosure of their activity. Major donors’ juris-

<sup>1</sup>The Political Reform Act is contained in Government Code Sections 81000 through 91014. All statutory references are to the Government Code, unless otherwise indicated. The regulations of the Fair Political Practices Commission are contained in Sections 18110 through 18997 of Title 2 of the California Code of Regulations. All regulatory references are to Title 2, Division 6 of the California Code of Regulations, unless otherwise indicated.

diction for filing will not shift as often under the proposed regulation. In addition, a committee will be considered a city or county committee if more than 70 percent of their activity is at the city or county level. Other committees will default to state committees. The review for determining type of committee is simplified.

Repeal and Readopt 2 Cal. Code Regs. § 18247.5 — Primarily Formed Committees:

Broadly speaking, a primarily formed committee is a committee formed or existing to support a single candidate or measure in a specific election. (The statutory definition was broadened to include two or more measures on the same ballot or a specific group of local candidates on the same ballot.) A committee running a ballot measure, or a committee formed to oppose a particular candidate in a particular election is “primarily formed.” The statute in Section 82047.5 defines a “primarily formed” committee, but again does not have a standard for when a committee qualifies as primarily formed.

Section 82047.5 provides as follows:

“‘Primarily formed committee’ means a committee pursuant to subdivision (a) of Section 82013 which is formed or exists primarily to support or oppose any of the following:

- (a) A single candidate.
- (b) A single measure.
- (c) A group of specific candidates being voted upon in the same city, county, or multicounty election.
- (d) Two or more measures being voted upon in the same city, county, multicounty, or state election.”

Having a clear rule for when a committee qualifies as primarily formed is important because special requirements apply to primarily formed committees. A primarily formed committee files in the jurisdiction where the candidate or measure that it is primarily formed to support normally files. In addition, a primarily formed committee must automatically file preelection statements under Section 84200.5 and 84200.7 or 84200.8; must comply with the committee name and identification of \$50,000 donors requirements of Sections 84107, 84503 and 84504, if supporting or opposing a ballot measure; must file online 90-day reports under Section 85309; and is subject to mandatory audit if a state committee.

The proposed regulation provides that a committee will be considered primarily formed if more than 70 percent of the committee’s contributions and expenditures are for specific candidate(s) or measure(s) during the 24 months preceding the candidate(s)’ or measure(s)’ election. The proposed regulation incorporates

several improvements suggested by the regulated community. First, a provision has been added so that an existing general purpose committee will not be required to change status to “primarily formed” for a candidate or measure unless it has met the 70 percent activity standard, *and* a high dollar amount of activity. In response to another comment from the regulated community, the draft specifies that a committee that was primarily formed to support a ballot measure, but after the election goes on to support other future measures, may take the old ballot measure and top donor information out of its name at the semi-annual filing date after the election. Third, to stabilize a committee’s status, a provision is added stating that a committee that is or becomes primarily formed within 90 days prior to an election shall keep that filing status throughout the election. And finally, under the new time frame, measuring the committee’s activity during the 24 months preceding the candidate or measure’s election, a committee will never qualify as “primarily formed” after the date of the election.

## TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the "Commission"), under the authority vested in it under the Political Reform Act (the "Act")<sup>1</sup> by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulations at a public hearing on or after **December 8, 2011**, at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m. on December 6, 2011**.

### BACKGROUND/OVERVIEW

The final report of the Chairman's Task Force, presented to the Commission at its January 2011 meeting, recommended that the Commission revise existing regulations governing campaign filings by multi-purpose organizations, to provide to the extent possible a single clear standard for identifying and reporting campaign contributions to organizations that also solicit and receive donations for purposes other than influencing California elections.

The Act defines the term "contribution" (in pertinent part) as a payment made for a political purpose, which can include many kinds of payments to a multi-purpose organization — for example, payments responding to an appeal soliciting "donations" to fund an advertisement supporting a measure in an upcoming election. By contrast, "donations" to such groups that are not made for a political purpose, and are not used for a political purpose, are not "contributions." The proposed regulatory language implements this recommendation by establishing a more clear rule to be used for identifying and reporting donations to multi-purpose groups that are classified as "contributions" under the Act's "one bite of the apple" provision at Regulation 18215(b)(1).

<sup>1</sup>The Political Reform Act is contained in Government Code Sections 81000 through 91014. All statutory references are to the Government Code, unless otherwise indicated. All regulatory references are to Title 2, Division 6 of the California Code of Regulations, unless otherwise indicated.

*Amend* 2 Cal. Code Regs. Section 18215(b), to provide subject headings that will make it simpler to navigate the provisions of that regulation;

*Amend* 2 Cal. Code Regs. Section 18413(d)(2)(C), to direct persons filling out a campaign report to the rule specified in 2 Cal. Code Regs. Section 18412.

## TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the "Commission"), under the

authority vested in it under the Political Reform Act (the “Act”)<sup>1</sup> by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulation at a public hearing on or after **December 8, 2011**, at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m. on December 6, 2011.**

#### BACKGROUND/OVERVIEW

Launching its regulation clarification project, the Commission held a series of interested persons meetings on April 14, April 21, and June 9, 2011, to take comments on areas of the Act that could be improved. At these interested persons meetings, the Commission solicited general public comment and suggestions on revising Commission regulations or Commission regulatory schemes and thus enable individuals and entities subject to the Act to better comply with it. A number of large regulatory projects grew out of these meetings such as revisions to the gift rules, changes to enforcement regulations, and changes to several campaign regulations. These two minor changes to campaign regulations were suggested as well.

#### REGULATORY ACTION

Amend 2 Cal. Code Regs. Section 18423 — Payments for Personal Services as Contributions and Expenditures. This regulation is being amended to codify longstanding Commission advice providing that an in-kind contribution of the services of salaried personnel to a committee and the expenditure by the person making the salary payment are considered to be made on the payroll date of the salaried personnel. It will assist committees that are being audited to have the payroll date specified in the regulation, rather than being contained in informal staff advice.

Amend 2 Cal. Code Regs. Section 18539 — Online Disclosure of Contributions; and

Amend 2 Cal. Code Regs. Section 18550 — Online Disclosure of Independent Expenditures.

These regulations are being amended to clarify Section 85204’s definition of “election cycle,” for purposes

of the 24-hour reports required by Sections 85309 and 85500 to mean the election cycle for a state election in which the candidate or measure (that the contribution or independent expenditure was made for or against) will be listed on the ballot. These changes will codify current Commission advice contained in the *Fishburn* Advice Letters, Nos. A–01–282 and A–01–283.

#### SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or related issues.

## BACKGROUND/OVERVIEW

Sections 89510–89518 of the Political Reform Act restrict the personal use of campaign funds. An expenditure of campaign funds conferring a substantial personal benefit on a candidate, made to pay for a personal gift, or made to pay for the travel or accommodations of a candidate, elected officer, or anyone with the authority to approve the expenditure of campaign funds, must be directly related to a political, legislative, or governmental purpose (a “PLG”). (Sections 89512(b) and 89513.)

Section 84211(k)(4) of the Act requires a “brief description” of the consideration for which certain expenditures are made. Furthermore, Section 84104 of the Act requires candidates, treasurers, and elected officers to maintain detailed accounts, records, bills, and receipts necessary to prepare campaign statements, to establish that statements were properly filed, and to otherwise comply with the Act’s campaign disclosure requirements.

Regulations 18421.7 and 18401(a)(5) impose more detailed reporting and recordkeeping rules on expenditures for gifts, meals, and travel, given the inherent personal benefit conferred by such expenditures. In short, Regulation 18421.7 requires candidate-controlled committees reporting expenditures for gifts, meals, and travel to describe the PLG of the expenditure and to disclose basic and brief information such as the dates of the expenditures, the location of travel or a meal, the number of individuals for whom an expenditure is made, and the recipient of a gift. Regulation 18401(a)(5) supplements Regulation 18421.7 by requiring candidate-controlled committees to document expenditures for gifts, meals, and travel in a dated memorandum and to retain the names of those individuals for whom expenditures for meals or travel were made.

## REGULATORY ACTION

### Amend 2 Cal. Code Regs. Sections 18401 & 18421.7:

Regulation 18421.7 and 18401(a)(5) were intended to increase public awareness regarding the use of campaign funds by requiring the disclosure of information helpful in scrutinizing the use of campaign funds. However, since their adoption in early 2008, it has remained unclear as to whether the detailed rules have significantly assisted either the public or the Commission in identifying the misuse of campaign funds. Because the benefits of the regulations must be weighed against the additional layer of complexity and resulting burden they have created, Commission staff is proposing language eliminating the most onerous of the reporting and recordkeeping rules applicable to expenditures for meals, gifts, and travel including, but not limited to, proposed language eliminating (1) the requirement to identify the PLG for which an expenditure is made, (2) additional disclosure for in-state travel and meals provided during a campaign event open to the public, and (3) the dated memorandum providing the name of any individual for whom an expenditure for a meal or travel has been made.

## SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or any related issues.

## FISCAL IMPACT STATEMENT

## AUTHORITY

## REFERENCE

The purpose of these regulations is to implement, interpret, and make specific Government Code Sections 84211, 84303, and 84104.

**PROPOSED REVISIONS TO THE TECHNICAL  
SUPPORT DOCUMENT FOR EXPOSURE  
ASSESSMENT AND STOCHASTIC ANALYSIS**

**November 7, 2011**

The Office of Environmental Health Hazard Assessment (OEHHA) is releasing an updated draft of the document, *Air Toxics Hot Spots Program Risk Assessment Guidelines: Technical Support Document for Exposure Assessment and Stochastic Analysis*, to solicit public comment on the revised portions of the document. OEHHA is required to develop guidelines for conducting health risk assessments under the Air Toxics Hot Spots Program (Health and Safety Code Section 44360(b)(2)). OEHHA previously developed Technical Support Documents (TSDs) in response to this statutory requirement, including one in 2000 for exposure assessment. This revised draft TSD will replace the original TSD, and reflects new scientific knowledge developed since the previous guidelines were prepared. We have updated exposure parameters (e.g., inhalation rate, food consumption rate, etc.) based on the most recent data, including exposure factors for infants and children, in accordance with the mandate of the Children's Environmental Health Protection Act (Senate Bill 25, Escutia, chapter 731, statutes of 1999, Health and Safety Code Sections 39669.5 *et seq.*). The revised draft also updates the approach to assessing dermal exposure.

We are seeking comments on the revisions to the existing approved methodology for dermal exposure and the revised exposure parameters. Following this public comment period, the document and any comments received, along with OEHHA's responses to these comments, will undergo review by the state's Scientific Review Panel on Toxic Air Contaminants.

The draft document will be available on the OEHHA Home Page at <http://www.oehha.ca.gov> on **November 7, 2011. A 60-day public review period commences on November 7, 2011, and will end on January 6, 2012.**

Public workshops will be held in Los Angeles and Oakland. The dates and specific locations of the workshops will be announced soon in a separate notice.

Please direct any inquiries concerning technical matters or availability of this document to Dr. Melanie Marty at (510) 622-3191 or e-mail to: [melanie.marty@oehha.ca.gov](mailto:melanie.marty@oehha.ca.gov).

November 4, 2011

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

**CHEMICALS LISTED EFFECTIVE  
November 4, 2011  
AS KNOWN TO THE STATE OF CALIFORNIA  
TO CAUSE CANCER**

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is adding five chemicals — *estrogen-progestogen (combined) used as menopausal therapy*, *etoposide (CAS No. 33419-42-0)*, *etoposide in combination with cisplatin and bleomycin*, *methyl isobutyl ketone (CAS No. 108-10-1)* and *MOPP (vincristine-prednisone-nitrogen mustard-procarbazine mixture) (CAS No. 113803-47-7)* — to the list of chemicals known to the state to cause cancer for purposes of the Safe Drinking Water and Toxic Enforcement Act of

1986 (Proposition 65<sup>1</sup>). The listing of these five chemicals is effective **November 4, 2011**.

Health and Safety Code section 25249.8(a) requires that certain substances identified by the International Agency for Research on Cancer (IARC), as described in Labor Code section 6382(b)(1) and (d), be included on the Proposition 65 list as causing cancer. Labor Code section 6382(b)(1) references substances identified as human or animal carcinogens by IARC, and Labor Code section 6382(d) references substances identified as carcinogens or potential carcinogens by IARC.

The basis for the listing of the five chemicals was described in a public notice published in the September 16, 2011, issue of the *California Regulatory Notice Register* (Register 2011, No. 37-Z). The title of the notice was “Notice of Intent to List Chemicals by the Labor Code Mechanism: Estrogen-progestogen (combined) used as menopausal therapy, etoposide, etoposide in combination with cisplatin and bleomycin, methyl isobutyl ketone, MOPP (vincristine-prednisone-nitrogen mustard-procarbazine mixture)”. The publication of the notice initiated a 30-day public comment period that closed on October 17, 2011.

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register* and is available on the OEHHA website at <http://www.oehha.ca.gov/prop65.html>.

Petition challenging as an underground  
regulation California Code of Regulations,  
title 15, section 3173.1, titled "Visiting  
Restrictions with Minors."

On September 6, 2011, you submitted a petition to the Office of Administrative Law (OAL) asking for a determination as to whether California Code of Regulations (CCR), title 15, section 3173.1 constitutes an underground regulation. Section 3173.1 of title 15 states:

**§ 3173.1. Visiting Restrictions with Minors.**

(a) For inmates convicted of Penal Code (PC) Section(s) 261, 264.1, 266c, 269, 285, 286, 288, 288a, 288.5, or 289 when the victim is a minor, visitation with the minor victim shall be prohibited, except as authorized by an order of the juvenile court pursuant to Welfare and Institutions Code Section 362.6. Visitation pursuant to such an order shall be limited to non-contact status.

(b) For inmates convicted of PC Section(s) 261, 264.1, 266c, 285, 286, 288, 288a, 288.5, or 289 when the victim is a minor, visitation with any minor who is not the victim of the crime shall be limited to non-contact status except as authorized by the Institution Classification Committee.

(c) For inmates convicted of PC Section(s) 273a, or 273d, visitation with the minor victim shall be limited to non-contact status.

(d) For inmates convicted of violating PC Section(s) 187, 269, 273a, 273ab, or 273d, when the victim is a minor, visitation with any other minor shall be limited to non-contact status except as authorized by the Institution Classification Committee.

(e) When an inmate has been arrested, but not convicted, of any crime involving a minor victim included in this Section, a classification committee shall determine whether all visitation with a minor(s) is to be limited to non-contact status. Unless otherwise prohibited, the inmate's visiting status shall be unrestricted until a classification committee has done the following:

(1) Made a case-by-case determination whether the inmate poses a threat of harm to minor visitors in contact visitation.

(2) Considered the circumstances of the misconduct involving a minor victim in determining whether the inmate poses a threat of harm to minor visitors in contact visitation. In making its determination, the classification committee shall consider, but is not limited to, arrest reports, probation officer reports, court transcripts, parole revocation transcripts.

(f) If a classification committee, when making a decision regarding the visiting status of an inmate described in (e) above, determines that the inmate will pose a threat of harm to minor visitors in contact visitation, it will order all the inmate's visitation with minors be restricted to non-contact visiting status.

(g) If an inmate disagrees with the decision of a classification committee, the inmate may file an inmate grievance via the CDCR Form 602 appeal process as outlined in sections 3084 through 3084.9.

Note: Authority cited: Sections 5058 and 5058.3, Penal Code. Reference: Sections 1202.05, 5054 and 5054.2, Penal Code; Section 362.6, Welfare and Institutions Code; and *People v. Glass* (2004) 114 Cal.App.4th 1032.

In issuing a determination, OAL renders an opinion only as to whether a challenged rule is a "regulation" as defined in Government Code section 11342.600,<sup>1</sup> which should have been, but was not adopted pursuant to the Administrative Procedure Act (APA).

If a rule meets the definition of a regulation in Government Code section 11342.600, but was not adopted

<sup>1</sup>"Regulation" means every rule, regulation, order, or standard of general application or the amendment, supplement, or revision of any rule, regulation, order, or standard adopted by any state agency to implement, interpret, or make specific the law enforced or administered by it, or to govern its procedure.

pursuant to the APA, it may be an "underground regulation" as defined in California Code of Regulations, title 1, section 250:

The following definitions shall apply to the regulations contained in this chapter: (a) "Underground regulation" means any guideline, criterion, bulletin, manual, instruction, order, standard of general application, or other rule, including a rule governing a state agency procedure, that is a regulation as defined in Section 11342.600 of the Government Code, *but has not been adopted as a regulation and filed with the Secretary of State pursuant to the APA* and is not subject to an express statutory exemption from adoption pursuant to the APA. . . . (Emphasis added.)

The section you challenge as an underground regulation, California Code of Regulations, title 15, section 3173.1 was adopted by the Department of Corrections and Rehabilitation on December 5, 2005, as an emergency by operational necessity. It was operative on December 5, 2005. A Certificate of Compliance as to the December 5, 2005 order was transmitted to OAL on April 24, 2006, and filed with the Secretary of State pursuant to the APA on June 6, 2006.

For the reason discussed above, we find that the rule challenged by your petition is not an underground regulation.<sup>2</sup>

The issuance of this summary disposition does not restrict your right to adjudicate the alleged violation of section 11340.5 of the Government Code.

/s/

Debra M. Cornez

Assistant Chief Counsel/Acting Director

<sup>2</sup> The rule challenged by your petition is the proper subject of a summary disposition letter pursuant to title 1, section 270 of the California Code of Regulations. Subdivision (f) of section 270 provides:

(f)(1) If facts presented in the petition or obtained by OAL during its review pursuant to subsection (b) demonstrate to OAL that the rule challenged by the petition is not an underground regulation, OAL may issue a summary disposition letter stating that conclusion. A summary disposition letter may not be issued to conclude that a challenged rule is an underground regulation.

(2) Circumstances in which facts demonstrate that the rule challenged by the petition is not an underground regulation include, but are not limited to, the following:

(A) The challenged rule has been superseded.

(B) The challenged rule is contained in a California statute.

(C) *The challenged rule is contained in a regulation that has been adopted pursuant to the rulemaking provisions of the APA.*

(D) The challenged rule has expired by its own terms.

(E) An express statutory exemption from the rulemaking provisions of the APA is applicable to the challenged rule. (Emphasis added.)

Board of Barbering and Cosmetology  
Good Cause for Failure to Appear for Examination

The Board of Barbering and Cosmetology submitted this action as one without regulatory effect to repeal title 16, California Code of Regulations, section 929, which defines the term "good cause" for purposes of Business and Professions Code section 7343. Business and Professions Code section 7343 provided for forfeiture of an applicant's examination fees for failure to appear for an examination, unless the applicant had good cause as defined in regulation by the board. Business and Professions Code section 7343 was repealed in SB 1307 (Stats. 1999, ch. 983), making section 929 obsolete.

DEPARTMENT OF INSURANCE  
Loss Ratio Regulation for Individual Health Insurance Policies

This action by the Department of Insurance is the second re-adoption of emergency rulemaking no. 2011-0112-01E, which amended section 2222.12 of title 10 of the California Code of Regulations. This emergency action was first re-adopted in rulemaking no. 2011-0714-01EE.

This amendment was prompted by the enactment of the federal Affordable Care Act, a series of health market reforms, and the Interim Final Rule, 45 Code of Federal Regulations Part 158, which describes the factors, scope, and method used in the calculation of loss ratios. The federal rules provide, among other things, that beginning January 1, 2011, health insurers offering coverage in the individual market must achieve at least an 80% loss ratio. Those insurers that do not meet this standard will be required to provide a refund the following calendar year.

As a result of this amendment, insurers in California will have to demonstrate both (1) compliance with the existing 70% lifetime anticipated loss ratio standard prescribed by section 2222.12, so that consumers are assured of receiving reasonable benefit value for their premium dollars on a policy-form basis, as well as (2) compliance with the 80% federal standard on a market-segment basis at the time of DOI's rate review, so that consumers can have the benefit of the federal medical loss ratio from the outset of the rate, rather than having to wait from eight to twenty months for a premium refund.

STATE WATER RESOURCES CONTROL BOARD  
Emergency Fee Regulations to Conform with Budget Act 2011-12

On September 19, 2011, the State Water Resources Control Board (Board) adopted Resolution 2011-0043, which revised the emergency water right fee regulations and schedules to be consistent with the revenue levels set forth in the Budget Act for Fiscal Year (FY) 2011-2012. Under the Water Code and existing regulations, a person filing a water right application, petition, registration, groundwater recordation, or other filing must pay a filing fee to the Board. Existing regulations also establish annual fees for water right permits, licenses, water leases, and applications for water quality certification under Clean Water Act section 401 for an activity that involves a hydroelectric facility licensed by the Federal Energy Regulatory Commission. In addition, the existing regulations establish requirements for filing a petition for reconsideration of a fee determination made by the Board.

In general, these emergency regulations modify the water right fee schedule to (1) adjust the caps on application and petition filing fees based on changes in the consumer price index, (2) increase the minimum flat-rate charge from \$100.00 to \$150.00 for annual fees assessed on water right permits, and (3) increase the per acre-foot charge from \$0.03 to \$0.05 per acre-foot for annual fees assessed on water right permits, licenses, water leases, and pending applications diverting over 10 acre-feet annually.
